

*As the Member of Provincial Parliament for Scarborough North, it is with great pleasure that I extend my warmest greetings to everyone attending today's event for school students hosted by the Scarborough Chapter of Professional Engineers*

## *2019 Mathletics Competition*

*Mathletics is a competition designed by engineers to demonstrate the application of mathematics in everyday life. The questions participants answer show the significance of mathematics in science and engineering. School children will apply scientific principles and concepts in solving these problems, this event is a fabulous learning opportunity.*

*I would like to extend my congratulations to all the contestants and participants for their tremendous efforts and dedication in showing interest in mathematics.*

*I take this opportunity to express my appreciation to Santosh K. Gupta –Chair Government Liaison Program for Scarborough Chapter, Ms. Peng Zhang- Project Manager for their leadership in organizing today's wonderful event. I also wish to thank the sponsors, parents, staff and volunteers for their hard work in making the 2019 Mathletics a great success*
